All components are available as replacement parts.

innenliegende Keilbremse

Other fitting options on request.

Quality features:

- Constructed to VDE 0620 and 0623, part 2
- Solid, halogen-free reel body, fully safety insulated
- GIFAS PROFLEX 07 Cable
- Stable steel tubing frame, zinc-plated and black powder-coated
- Ergonomic shape
- With thermal overload protection
- Internal wedge brake
- High mechanical strength, resistant to UV and weather conditions
- Maintenance-free, impact-proof and resistant to ageing
- Good carrying comfort

• **Capacity:**

- 2 x 1 mm² / 35 m
- 2 x 1.5 mm² / 25 m
- 3 x 1 mm² / 30 m
- 3 x 1.5 mm² / 25 m
- 5 x 1.5 mm² / 20 m

• **Weight:**

without cable, approx. 3.7 kg

Solid rubber cable reel, series 501 with hand-held halogen spotlight 24 V

with halogen lamp and transformer 120 VA/24 V

Fixing the plug connector in the coil device

Item	Input	Output	Fuse

IP X4

Cable reel, steel, series 523

Item	Component fitting
241100	no
241101	80 m H07RN-F 5 x 35 qmm CEE plug 5 x 125 A/400 V CEE coupling 5 x 125 A/400 V
241246	100 m H07RN-F 5 x 16 qmm CEE plug 5 x 63 A/400 V CEE coupling 5 x 63 A/400 V

Steel plate cable reel 523 with ball bearing-mounted drum body made from steel plate and special powder coating. The frame construction consists of 50 x 50 square steel plate, also fitted with a special powder coating. Each unit includes two swivel/fixed castors and one slider handle. On request the steel plate cable reel 523 can be supplied with a drawbar to hose a car coupling.

Other fitting options on request.

Quality features:

- Adjustable drum brake for controlled unreeling
- Additional locking option to prevent accidental unreeling
- Crank handle with free running (no risk of injury when unreeling)
- With two swivel and fixed castors
- Accessories available for fork-lift transport
- **Gear unit with reverse run interlock**
- **Capacity:**
80 m 5 x 35 qmm H07RN-F
100 m 5 x 16 qmm H07RN-F
- **Dimensions:**
H x W x D =
1030 x 1300 x 800 mm
- **Dimensions of reel body:**
D x W = 450 x 700 mm
- **Empty weight:**
approx. 80 kg

103427	15 m 5 x 2.5 qmm with CEE coupling 5x16A/400 V	Ceiling ass. 270° swivel-motion	515

Dimensions:

- **Dimensions:**
H x W x D = 380 x 512 x 310 mm
- **Reel body dimensions:**
Ø 330 mm, width 220 mm
- **Empty weight:**
approx. 7.5 kg
- **Protection rating:**
IP X4

Quality features:

- Solid, halogen-free reel body, safety insulated
- GIFAS PROFLEX 07 Cable
- Frame powder-coated in RAL 5002
- Fixed secondary drum
- Partial thermal overload protection, with slip ring body
- Buckle-free cable inlet (SKINTOP) with strain relief
- Folding crank grip also acts as holding brake
- Insulated carrying handle, maintenance-free supporting shaft, 16 mm Ø

Dimensions

- **Dimensions 512-513:**
H x W x D = 370 x 260 x 275 mm
- **Dimensions 514-515:**
H x W x D = 475 x 260 x 275 mm
- **Reel body dimensions:**
Ø 260 mm, width 150 mm
- **Empty weight:**
approx. 7.5 kg
- **Protection rating:**
IP 42

Quality features:

- Solid, halogen-free reel body, safety insulated
- GIFAS PROFLEX 07 Cable
- Fastening bracket made from cast aluminium
- With slip ring body for a max. load of 25 A
- Automatic spring return with lock
- Maintenance-free supporting shaft, 16 mm Ø

Other versions available on request

- High spring force
- IP65
- With thermal overload protection
- Fixing bracket made from cast aluminium
- With slip ring body for a maximum load of 25 A
- Automatic spring return with lock
- Stable supporting shaft (16 mm Ø)

• Dimensions:

H x W x D = 475 x 280 x 265 mm

• Reel body dimensions:

265 mm diameter
110 mm coil width

• Empty weight:

approx. 10 kg

Schwenkbar 270°

Spring driven cable reel series 520/Mini

Cut lengths 5 to 7 m
 Slip ring 2- to 3-pole
 Max. operating voltage 230 V
 Protection rating IP 42
 Cable H05VV-F

Spring driven cable reel series 520/Mini

Fully fitted and preset spring driven cable reel made from impact-proof plastic (black/yellow) including wall bracket, fitted with thermal protection, factory-fitted with lock (can be set to continuous tension) with H05VV-F cable in black.

- Thermal protection
- Small, easy-to-handle, robust
- Easy to assemble
- Many different potential applications

Range

Item	No. of wires	Cross-section in mm ²	Cable length rolled up + 1.0 m free	Performance rolled up W	Performance unrolled W

- Thermal protection
- New design
- Easy-to-handle and robust
- Simple assembly
- Many different potential uses

Notes on installation

Suitable installation options (see page 19):

A, C, G, and N = swivel motion

E and F = permanent fixing with adjusting screw

Limited use with cover cap (cable inlet)

Accessories

To reduce the amount of contamination entering through the cable inlet, there is a cover cap available as an accessory (protective bellow). This can be retrofitted and increases the protection rating to IP 43.

Item 242284 Cover cap

Ceiling mounting

With ceiling fitting and a vertical cable draw-up/-down the reel body is fixed in the fastening bracket.

Item 242723 Optional equipment

Other versions available on request. Standards: IEC1242 

Spring driven cable reel series 520/XL

Series XL

Cut lengths 3 to 14 m

Slip ring 2- to 5-pole

Max. operating voltage 500 V

Protection rating XL: IP 43

Cable H05VVF or H07RN-F

Spring driven cable reel 520/XL

Fully fitted and preset spring driven cable reel. Closed casing made from impact-proof plastic (yellow), including fixing bracket, fitted with thermal protection (2- to 5-pole), special cable in black (end cut smooth, no connection coupling). Factory-fitted with lock (can be set to continuous tension). Cable reverse run interlock with notched lock every 50 cm. Easy to switch off if the cable is to be kept continuously under voltage.

Notes on installation

Suitable installation options (see page 20):

A, B, C, D, G, H, N = swivel motion

E and F = permanent fixing with adjusting screw

Accessories

With ceiling fitting and a vertical cable draw-up/-down the reel body is fixed in the fastening bracket.

Item 242723 Optional equipment

Other versions on request, increased protecting rating IP55 available. Standards: IEC-1242

Hose reels for compressed air and cold water

For air and cold water
 Operating pressure max. 15 bar
 Simple assembly
 Many different potential applications

Hose reel, type mini

The small hose reel for industry, trade and hobbies

Casing made from impact-proof plastic black. Reel factory-set with lock (approx. every 50 cm). Can be converted to continuous tension.

Item	Hose length (m) rolled up, free 1m	Internal Ø mm	Connection	Pressure bar
242816	5.5	6	1/4"	12

For dimensions, see page 12.

Hose reel type 810

The latest model with elegant design and increased crushing strength of 15 bar.

Casing made from impact-proof plastic yellow. With new bracket. Reel factory-set with lock (approx. every 50 cm). Can be converted to continuous tension.

Item	Hose length (m) rolled up, free 1m	Internal Ø mm	Connection	Pressure bar
242590	10	6	1/4"	15
242591	9	7,5	1/4"	15

For dimensions, see below.

Hose reel type open

The open hose reel, cost-effective for basic applications.

Casing made from impact-proof plastic yellow. Open design. Reel factory-set with lock (approx. every 50 cm). Can be converted to continuous tension.

Item	Hose length (m) rolled up, free 1.5m	Internal Ø mm	Connection	Pressure bar
242389	7	6	1/4"	12
242814	6	8	1/4"	12

For dimensions, see below

Hose reel type 813 (PR)

The average-sized model, improved performance, attractive, closed design.

Casing made from cast aluminium, yellow enamelled. Reel factory-set with lock (approx. every 50 cm). Can be converted to continuous tension.

Item	Hose length (m) rolled up, free 1m	Internal Ø mm	Connection	Pressure bar
242592	10	8	1/4"	12
242594	9	10	3/8"	12

For dimensions, see page 15.

Hose reel type open

Dimensions, type 810

Hose reels for compressed air and cold water

For air and cold water
 Operating pressure max. 20 bar
 Simple assembly
 Many different potential applications

Hose reel type 8000

The large model, can be fitted in different ways, open layout.

Reel body and carry frame made from zinc-plated steel plate with many different assembly options.

Item	Hose length (m) rolled up, free 1m	Internal Ø mm	Connection	Pressure bar
242595	17	10	3/8"	20
242596	11	13	1/2"	20

For dimensions, see below.

Assembly options

Dimensions, type 8000

swivel motion with additional device

Notes on installation

Drum fitted onto moving part, horizontal unreeling

- A Unreeled cable on the ground, unreel in one direction. Optimum installation with max. possible uses
- B Unreeled cable on the ground, unreel in two directions
- C Suspended cable, unreel in one direction. Low number of strands, short length
- D Suspended cable, unreel in two directions

If the length and cross-section increase, the dead weight of the reel increases. The installation options for the cable are therefore restricted.

The most suitable applications for each cable reel type are marked with letters A, B, C, D, E, F, G, H or N.

Drum assembled onto a permanent or portable section, vertical unreeling

- E With drum fitted on the top. Reduced number of metres due to the weight of the cable
- F With drum fitted on the bottom. Optimum installation with max. possible uses
- N With suspended cable. Max. 350° swivel

Drum fitted onto permanently sited part, horizontal unreeling

- G Cable on reels, unreel in one direction.
- H Cable on reels, unreel in two directions
